On Call Africa (OCA) Complaints Policy

Policy statement

Receiving feedback and responding to complaints is an important part of improving OCA’s accountability. Ensuring our stakeholders can hold us to account will improve the quality of our work in all areas.

Scope

This policy applies to OCA and is global in its application. A complaint can be made by any supporter, partner organisation, community or individual with whom we work, or any member of the public whether an individual, company, or other entity, in the UK for anywhere else in the world.

Definitions

A complaint is an expression of dissatisfaction about the standards of service, actions, or lack of action, by OCA or its staff and associated personnel. It is a criticism that expects a reply and would like things to be changed. Complaints could include the following (which is not an exhaustive list):

- Concern from someone we work with about the quality of programme delivery
- Concern from a member of the public or supporter about a fundraising approach or campaign action
- Concern about the behaviour of staff or associated personnel

A complaint must be about some action for which OCA is responsible or is within our sphere of influence.

1 Contractors, suppliers, volunteers etc.
A complaint is not:

- A general inquiry about OCA’s work
- A request for information
- A contractual dispute
- A request to amend records e.g., to correct an address, cancel a donation
- A request to unsubscribe from an OCA service e.g., a campaign newsletter or email

The complaints procedures do not apply to complaints that are subject to current investigation by any regulatory body or other legal or official authorities in the UK or other countries in which we operate. Such issues will be dealt with by the relevant regulatory body.

Procedures for making a complaint

It is hoped that most complaints or concerns about OCA’s work or behavior can and will be dealt with informally by staff or volunteers at a local level. However, it is recognized that not all issues can be resolved in this way and that a formal complaints mechanism is required for those occasions when an individual or organisation wishes to make their complaint a matter of record and to receive a formal response.

This policy is global in application. A complaint can be made by:

- Any supporter

Who is not covered by this policy?
